MEMORANDUM FOR RECORD

SUBJECT: Aviation MOS Formal Waivers of Training

1. The Aviation Proponency (AP) Office is responsible for determining the validity of formal training waivers in lieu of attendance to Army Aviation MOSQ formal training in accordance with (IAW) DA PAM 611-21. Before a soldier is enlisted, awarded an Aviation MOS, or meets the Army Civilian Acquired Skills Program (ACASP) in the Active Component (AC), National Guard (NG), or United States Army Reserve (USAR) a request for waiver will be submitted to AP. If a soldier has already enlisted and is serving in the AC, NG, or USAR they must submit a copy of their enlistment contract along with the request.
2. Before a determination is made on any request for a waiver of formal training, it will be carefully evaluated to ensure that the individual meets the requirements of AR 601-210 and DA PAM 611-21. Once a determination is made, AP will approve or disapprove as required and correspondence will be sent to the unit thru the NGB or USAR Command. Exceptions to Policy requests must be in accordance with established standards outlined on the Aviation Proponency Home Page, (Enlisted Waivers), located at <http://www-rucker.army.mil/ap/default.htm>.
